

The Newport Mercury,
—PUBLISHED BY—
JOHN P. SANBORN,
122 THAMES STREET,
NEWPORT, R. I.

THE NEWPORT MERCURY was established in June, 1788, and is now in its one hundred and thirty-fourth year. It is the oldest newspaper in the United States, with less than half a dozen exceptions. The oldest printed in the English language, it is a large quarto of fifty-six columns filled with interesting reading—editorial, state, local and general news, well selected miscellany and valuable farmers' and household departments. It reaches so many households in this and other States, the limited space given to advertising is very valuable to business men.

Terms: \$2.00 a year in advance. Single copies in wrappers, 5 cents. Extra copies can always be obtained at the office of publication and at the various news rooms in the city.

Specimen copies sent free, and special rates given advertisers by addressing the publisher.

Local Matters.

Another Young Man Gone Wrong.

Substitute Letter Carrier John W. Yates, of the Newport post office, was taken to Providence Thursday night for arraignment before the United States Circuit Court on a charge of robbing the United States mails. Numerous complaints of losses of money sent through the mails having been made here, a system of investigation was promptly started by Postmaster Fay and Thursday morning marked money, which had been mailed, was found on young Yates' person. He was promptly confronted by Inspector Pendleton with this proof positive, and after an ineffectual attempt to explain the presence of the marked money, he weakened and confessed his guilt. He admitted having practiced a system of robbing the mails for several months past, but said he could not tell just the amount he had stolen. The whole matter was very closely worked up by the Inspector who has been in close consultation with Postmaster Fay at his bedside.

Yates is about 23 years of age and has a wife and two small children. He had been in the employ of the post office for several years, and until this affair, possessed the confidence of all. He was under \$2000 bonds, with Messrs. Edward E. Taylor and James Dierley as sureties.

A certain Portuguese who has been in this country only a few months and had never been naturalized, claims that on election day as he was walking along the streets of this city, he was accosted by a man driving a hack. He was told to get into the hack which he did. He was driven to one of the polling places in the lower part of the city, admitted within the rail, given a ballot, and told how to mark it. He obeyed orders and voted as he was told. He claims that he does not know the party who took him to the polls. Neither does he know how he was voted. The story sounds somewhat fishy, still there may be some truth in it.

Mrs. Oliver Dewick, mother of police officers W. H. and Oliver Dewick, died very suddenly Wednesday morning at her home on West Broadway.

The Edward C. Almy Co. of Providence will take place on the 13th instant, the meet being at Briers' farm in Middletown.

Newport painters are agitating the formation of a local branch of the Painters and Decorators' Union of America.

The depot at Middletown has been rebuilt and the Old Colony trains now stop there when flagged.

Mayor Matthews, of Boston, has been in town this week.

THE ELECTION IN NEWPORT.

An Excellent Contest and a Close one. The official Count Shows Messrs. Underwood, Clarke and Crosby and shows large Democratic Gains over the Unofficial Count.

Wednesday was a day long to be remembered in Newport. It was the day for the annual election of General Assembly and state officers and a culminating point in what has probably been the hottest political campaign in the history of the town. The fight began at the caucus, when the respective tickets were nominated, and it has grown gradually in intensity until, when the polls were opened Wednesday morning, every male citizen of requisite age seemed to be strayed on one side or the other.

Each party entered the conflict with apparent confidence of success, and, as the work of getting out the vote proceeded, each was shown to be thoroughly well organized and equipped for the struggle. The result was the largest vote ever polled in Newport—3801 against 3203 last year.

The contest was much closer than either party anticipated, each retaining confidence of success to the end, and when the wardens and clerks made their returns, showing a majority for only one assemblyman, each was disappointed.

The Democratic majority in the Fifth ward was a good hundred less than that party had counted upon, and the Republicans were similarly disappointed in their vote in the First ward. The Republicans also hoped for larger gains in the Third ward than they received, while the Second ward rather exceeded their expectations. The anticipated Democratic majority in the Fourth ward was considerably cut down.

Altogether the Republicans felt that they had made a good fight and that, with the state in their favor anyhow, they would be in rather the best condition for renewing the fight next Tuesday. But the official count by the Board of Aldermen changed things about very materially, and to the Democratic advantage. Hon. W. J. Underwood, who, according to the wardens and clerks, counted 24 of an election, was declared elected senator by 11 majority; Wm. P. Clarke, Esq., who lacked 26 votes of an election in the count at the polls, was declared elected first representative by a majority of 3, and Alderman Crosby's majority as fourth representative was increased from 7 to 18. The vote of Mr. Hazard, Democrat, was cut down 10, and that of Captain Cotton, his Republican opponent, was cut down 26; Mr. King, Democrat, was cut down 6, and Col. Horton his opponent was cut down 22. Col. Hines' vote for second representative was increased 11, and that of Mr. P. H. Hazard, his opponent, was reduced 20 making a difference in the Democratic favor of 31 votes.

After two official counts had been announced, His Honor the mayor was handed a communication addressed to the Hon. Board of Aldermen, asking that the ballots might be preserved, so that a recount might be had if desired, but he put the communication in his pocket and adjourned without presenting it to the Board. Following is the official count by wards:

Supreme Court.

Miss Johnson, charged with the robbery of the Newman cottage, was acquitted. In the case of the State vs. Patrick Cresson, for assault, the jury disagreed. In the case of Samuel H. Wilson and wife vs. Providence Telephone Co., the jury rendered a verdict for defendant. The court adjourned Tuesday afternoon to Monday, May 23.

An Unfortunate Shooting.

The community was greatly startled at about 11 o'clock Thursday morning by the report that Mr. Nathan Coggeshall had been shot himself at his place of business on Commercial wharf, and many were the expressions of sympathy and sorrow as the rumor was verified. No one saw the shooting and it is not known whether it was accidental or intentional, but no one will for a moment believe him responsible for the act.

A severe attack of a gripe, from which Mr. Coggeshall had recently sufficiently recovered to attend to his business, left him a victim to lunacy, and to his more intimate friends he had often spoken of his awful suffering from this cause.

Mr. Coggeshall went to his office Thursday morning as usual and seemed in his usual spirits. While upstairs at his business place about 10:30, he took a 32 calibre revolver, of the Smith & Wesson pattern, and saying to his clerk, Mr. Goddard, "Steve, I'm going to put this in the middle drawer of the desk in the office," started downstairs apparently for that purpose. A few seconds later Mr. Goddard heard the report of the pistol and rushing out to ascertain the cause found his employer lying at the foot of the stairs in a state of unconsciousness. Assistance was at once procured and the injured man was taken to the Hospital, where he is still alive as we go to press. The ball entered his head just back of the right ear, and his left shoulder was dislocated by the fall.

Fatal Accident at the City Crusher.

Mr. William H. Maston, an employee of the city, undertook to cross the engine room at the Price's Neck stone crusher Thursday morning by stepping through the driving belt while it was in motion, and was caught and thrown violently against the wall. He was picked up unconscious and taken to the Hospital where it was found he had sustained a fracture of the jaw, an ugly scalp wound and a fatal injury to the brain. He lingered until about 9:30 Thursday night when he died without recovering consciousness.

The deceased was about 40 years of age, a single man, and lived with his brother, Mr. Thomas T. Easton, at 28 Elm street.

The Republican mass meetings at the Opera House and Old Fellows' Hall Tuesday night attracted the largest audiences ever witnessed at a Newport gathering. The meeting at the Opera House was presided over by Mr. John Nicholas Brown and that at Old Fellows' Hall by Mr. J. P. Sanborn. Congressmen Reed of Maine and Speaker Barrett of Massachusetts were the speakers of the evening; the former opening at Old Fellows' Hall and closing at the Opera House, and the latter opening at the Opera House and closing at Old Fellows' Hall.

Mr. Kellogg, the drill master for the great dramatic pantomime, Ben Hur, has arrived and commenced work. The different actors are being drilled each afternoon and evening. It takes one hundred and fifty people to carry out this programme most of whom are young ladies. Miss May Eliza of Fall River will be accompanist, and Mr. Harry W. Cozzens will recite the tragic chorist race again. Altogether this will be the most interesting performance ever given in Newport. It will take place in the Opera House, April 15, 16, and 20.

The members of the Young Men's Christian Association gave their fifth annual exhibition at the Opera House Thursday evening. The programme included thirteen members, each of which was thoroughly well rendered, the performers being better than many so-called professionals who have appeared here. The entertainment was worthy a larger audience than it received.

Mr. John T. Gaskins, of Washington, D. C., came to this city to vote. He was among the distinguished Republicans on the stage at the Opera House at the great meeting addressed by Ex-Speaker Reed and Speaker Barrett of Massachusetts. He was the guest of the Rev. M. Van Horn.

Simon Hazard has sold for Abraham H. Tilley, a lot of land on Tilley avenue next adjoining Henry M. Young's cottage and containing about 3,000 square feet of land, to Harry E. Nason, of Jamestown, on private terms.

Mr. Geo. W. Ellery has presented the Newport Historical Society with a French musket which was originally the property of his grandfather, William Ellery, a signer of the declaration of Independence.

Captain and Mrs. Joseph P. Cotton have been in Philadelphia this week whether they were called by the sudden death on Tuesday of Miss Keturah Cole, sister of Mrs. Cotton.

The social and dance given at Odd Fellows' Hall Thursday night by 'Glan McGregor, Order of Scottish Chiefs, was largely attended and greatly enjoyed.

Rev. Sumner W. Storons has been in town this week.

The No. 6 Company Dedicates Its New House.

The members of Hose Company No. 6 formally dedicated their new house on Thames street and Sharon court Monday evening, and were ably assisted in the pleasing work by upward of a hundred guests.

His Honor, Mayor Honey, and other city officers, members of the City Council, the Board of Firewards, the foremen of the several fire companies of the department, and other invited guests, including ex-Mayor Coggeshall, members of last year's Fire Department committee, and former officers of the department, assembled at Department Headquarters on West Marlboro' street at 8 o'clock, where they were met by the members of the No. 6 Company, and headed by the Newport Band, escorted to the new house, colored fire, sky rockets and Roman candles illuminating the way.

The lower floor of the handsome new building, which is by far the best fire station in the city, was then duly inspected, after which the guests were conducted to the company hall, upstairs, where an excellent supper was in waiting.

Captain Stephen H. Sullivan presided, with Counselman M. A. McCormick, the contractor who built the house, as toastmaster, and after the inner man had been thoroughly satisfied, cigars were served and interesting and appropriate remarks were made by Mayor Honey, Capt. Sullivan, Chief Engineer Corzine, ex-Mayor Coggeshall, Alderman Waters, Captain M. D. Sullivan of Engine Company No. 7, ex-Alderman Higbee, Councilman Hammett, ex-Alderman James B. Cottrell, F. W. Greene, E. C. O'Neill, Captain W. S. Graustein, Captain T. S. Bowditch of the Ouse, Captain E. T. Bosworth of the Hook and Mr. James Smith.

The No. 6 Company, which has always been considered as one of the most efficient in the department, was organized in the fall of 1873, under the volunteer system, with the late Captain Edward Matthews as foreman.

Its organization was brought about by Capt. Matthews being promised an old second-hand engine, provided he would furnish a building for it. This Capt. Matthews did, putting up a small building in the rear of his lot on Thames street, and this little building was the only headquarters of the company until provided with the handsome and commodious building dedicated Monday night. The company has got no more than it deserves, no more than it has deserved for years, but the boys are none the less proud of their home.

Death of Mrs. Coggeshall.

Mrs. Sarah A., wife of Mr. Joseph C. Coggeshall of Brooklyn, and daughter of Capt. Nathan King of this city, died at her home in Brooklyn, Sunday, and her remains were brought here for interment, the funeral being solemnized from her father's residence on Barney street Wednesday afternoon. The deceased was a native of Newport and always lived here until a few months ago, and Mr. Coggeshall represented the second ward in the Newport City Council here for several years. She was a most excellent woman, widely known and universally esteemed, and the funeral on Wednesday was attended by many mourners. She leaves three small children.

Rev. Dr. Gilliat, of St. George's church, conducted the funeral services and Messrs. S. B. Gladding, W. G. Ward, Jr., James H. Barney, Jr., and E. W. Higbee acted as pall bearers.

Dr. B. F. Beardsley, of Hartford, Conn., gave the first of a series of five illustrated lectures on Practical Physiology last evening at Masonic Hall, the subject being Human Heart and Lungs. The series, recently given in Fall River, was referred to as follows by the Fall River News:

These lectures exceed in interest any I have ever heard. With his extensive apparatus and clear, forcible language, the Doctor weaves about his subject a spell which puts his hearers under willing enchantment.

The many friends of the late Rev. Charles Wingate, former rector of Emmanuel Church in this city, are trying to build a Parish House at Haverhill, Mass., as a memorial to him. They would be very grateful for aid from friends in this city who hold the memory of the late rector in high esteem. Contributions can be sent to Mrs. Charles Wingate, St. John's Rectory, Haverhill, Mass.

Large flocks of geese were seen flying over the city to the northward Sunday—strong indications, of warmer weather.

The Carpenters and Joiners' Union attended the funeral of their deceased brother, William Stevenson, at St. Mary's, Sunday, in a body.

Wednesday was a holiday in Rhode Island, but by no means an idle one.

Colonel John C. Seabury has returned from his visit to Florida.

This has been a week of excellent spring weather.

Mrs. Frank Smythe, of Philadelphia, is visiting her father, Major Henry Bull.

Sculptor Noble and His Statue of Channing.

Sculptor Noble, of this city, has nearly completed his statue of William Ellery Channing, which is to be placed on Tower park, in front of the Channing Memorial church. Mr. Noble has been at work upon the statue nearly all winter, at his studio in Cambridge, Mass., and those who have viewed the results of his labors have only the most flattering criticisms and Mr. Wm. G. Weld, of this city, to whose generosity Newport is indebted for this appropriate recognition of her distinguished son, is more than satisfied with what the artist has done.

The Boston Post, in a long article upon Mr. Noble's work thus speaks of his Channing:

"The sculptor has chosen an artist's idea of the face, and has rightly taken advantage of his golden opportunity, presenting a composition of an impressive, grand and dignified character, which is more than satisfied with what the artist has done."

"The Boston Post, in a long article upon Mr. Noble's work thus speaks of his Channing: 'The weight of the body rests upon the left leg, the right knee is slightly bent, the foot being a little raised and the right arm extended, the right raised to an elevation nearly on line with the chin, the left, somewhat lower, forms an interesting curve. The figure is clad in a graceful robe which drapes in graceful folds, the movement of the drapery that has just stepped to the front of the platform, where he stands, the effect of the composition, the idea showing that they are the same action, the figure of the man, a slight neck scarf and duster are shown. The Mercury.

GEO. F. SAMMONS, Editor and Proprietor.

SATURDAY, APRIL 9, 1902.

EDITORIAL NOTES.

The House of Representatives on Thursday passed the free wool bill by a vote of 194 to 80.

Boss Carroll got snored under in Pawtucket, Wednesday, by 437 majority. It does not look as though the Boss was very popular in his own town.

The story that Ex-Speaker Reed prefers to retire seems to have been made up out of whole cloth. There is no foundation whatever for it.

Rhode Island can now be taken out of the doubtful column for next November. A plurality of over two thousand votes will be a hard thing for the Democracy to overcome in six months.

Ex-President Cleveland's visit to Rhode Island must be anything but satisfactory to that distinguished gentleman. The Republicans of this city are wishing now that he had spoken in Newport, as well as Providence.

The municipal elections in the Western towns and cities the past week showed decided Republican gains. It looks as though the tide was turning once more in favor of honest money and honest protection.

One of the gratifying results of the election on Wednesday is the fact that the return of Senator Nelson W. Aldrich to the United States Senate, was then made certain. It would have been a national calamity if his re-election had been defeated.

Ex-Speaker Reed of Maine, and Speaker Barrett of the Massachusetts House of Representatives had a royal welcome in Newport Tuesday night. It is not often that two large halls can be filled at a political meeting in one evening.

Election excitement has been at over heat in this city all the week and it shows no signs of abating at present.

There are numerous claims made of illegal and questionable actions on the part of officials and others, the truth of which it is quite probable the courts and the General Assembly will be called upon to settle.

As a starter it is claimed that some at least of the election bosses in the highway department informed their men that they were expected to vote the Democratic ticket on Wednesday and that if they did not they need not come back to work for the city. The entire force was given a holiday till 9 o'clock, with full pay for the day.

In the 5th ward the Republicans made grave charges against a Democratic supervisor who is also the President of the Common Council. The truthfulness of their charges will doubtless be settled in the courts.

The counting of the ballots by the Democratic Board of Aldermen, two of whom, with the mayor, were candidates for office, was carefully watched by a committee of Republicans who noted what they claim to be the illegal action on the part of the Board which will doubtless form the foundation for a contest of the seats of the men declared elected by the Board. The Republicans put in a request to the Board that the ballots be preserved for two months. This communication, addressed to the Board, has been declined to read. These are some of the charges made by the Republicans, which, if substantiated by proper evidence, will doubtless have the tendency to make the seats of those declared elected somewhat insecure. On the other hand the Democrats claim to have equally grave charges to bring against Republican officials and others but as yet they have not got where they can name individuals and cases.

The Election.

The result of the election in Rhode Island on Wednesday is in the main satisfactory to the Republicans. They have carried the state and elected their Governor and Lieutenant-Governor by a substantial majority over all other candidates. They have a safe majority in both houses of the legislature and a large majority on joint ballot, thus making the re-election of Hon. Nelson W. Aldrich certain. It has also demonstrated the fact that this state will safely go Republican in November, and that she will in all probability cast her four electoral votes for President Harrison for a second term. It proves to the world that notwithstanding the fact that the naturalization mills have run with a great amount of steam for the past few weeks, the manipulators of the new made foreign voters cannot rely implicitly on their voting the solid Democratic ticket.

The election is an encouraging one, too, as it shows that the majority of the people of Rhode Island are in favor of protection to home industry; that they have not gone back on the ruling policy that has made this State a busy time of industry throughout its borders. The greatest Republican gains have been made in the great manufacturing centers like Pawtucket and Woonsocket, which shows conclusively that the laboring man has taken pains to interest himself in the great economic questions of the day. The election shows further that the people are in favor of honest money and that they are not as yet infatuated with the free silver cause that has run away with the Democratic party. On the whole the Republicans have nothing to find fault with in the general result.

Postmaster Pay is still confined to his bed, although improving slowly.

Gov. D. Russell Brown.

The Election.

The result of the election on Wednesday throughout the State may be briefly summed up as follows: Hon. D. Russell Brown is elected Governor by a majority of 108 over all others, with a plurality of over 2000 over his Democratic competitor. Col. Melville Bull is elected Lieutenant-Governor by a majority of 1031 over all his plurality over Gorman being over 3000. Hon. Geo. H. Utter is elected Secretary of State by a majority of 237, and there is no election for Attorney-General and General Treasurer. In the Senate the Republicans have elected 23 members, the Democrats 10, and there are three yet to be chosen, two of whom without doubt will be Republicans, which, with the Lieutenant-Governor, will give the Republicans 26 votes in the Senate. In the House there are 37 Republicans chosen, 10 Democrats, and 16 yet to be elected. Of this number, the Republicans can count with absolute certainty on electing three, which, giving the Democrats all the doubtful places, will give the Republicans on joint ballot 61 votes out of 103, which is a safe working majority and insures the re-election of Senator Aldrich. The following is the vote of the State for Governor and Lieutenant-Governor:

Rheumatism.

Symptoms.—High fever, bounding pulse, swelling of the joints, with great tenderness and severe pain, especially if the patient attempts to move; and on moving after resting in one position, lameness, stiffness, and severe pain.

Rheumatism is a blood disease, and must be so treated. There is only one preparation of which it can be said that no instance of a failure to cure Rheumatism or any blood disorder has ever been recorded; and that preparation is furnished, not by science, but by Nature—a harmless vegetable compound of herbs, roots, and barks, called

Kickapoo Indian Sagwa

If you are rheumatic, and do not try this Nature's blessing to the human race, you are responsible for what you suffer. Here is a person who had faith.

GREENMAN STATION, East Fairfield, N. H., declares: "After being sick most of the winter with Rheumatism, most of the time confined to bed, I was induced to try Kickapoo Indian Sagwa. I took three bottles, and it cured me. I have not been free of it since, and am now perfectly well. I have no sympathy for any one who suffers with Rheumatism and does not try Sagwa."

\$1.00 a bottle. All druggists.

Kickapoo Indian Worm Killer

Nature's remedy for worms. Satisfaction guaranteed. 25 cents.

STAMMERING.

INSTRUCTION AT HOME.

An extreme simplicity of the German sys-

tem qualifies it for the self-instruction of

Adult Stammerers and for the instruction of

Children by parents or teachers. I have ar-

ranged a course of

Instruction by Correspondence.

The practical directions given therein are so

precise and comprehensive, that even the

worst stammerer, by following these directions

Speech Rules, cannot fail to obtain a thor-

ough and permanent relief of his affliction.

Apply for pamphlet containing full particu-

lars to

on we go, straight as an arrow through the middle of the Red Sea, making 300 miles in 24 hours, and across the vastness of the Indian Ocean, which stretches from the Cape of Good Hope to the Straits of Malacca, and further on, to the holy cities of the Mohammedans.

As we spread on, here, as almost everywhere we have been since leaving California, we see no signs of the stars and stripes, but only the lilacs of France or the flag of Germany, and daily the broad emblem of Great Britain.

What a wonderful nation England has become. Occupying a home territory small in area, she has nevertheless made herself felt throughout the earth perhaps more than any other country, and that by sheer force of intellect in her public men. Mistakes she has made, no doubt, and has done many things which do not at all redound to her credit; but through mistakes and growth in wealth, in power, and in influence for a century, without making any "plunge" whatever. Never before have I comprehended her power as in sailing from Hong Kong through the seas and straits of southern Asia. What must it be like for her fleet to show up in the Gulf of Persia, or in the Indian Ocean? Well, might Macaulay call the Thames the "River of Ten Thousand Navies." What has America done, and what is she doing but to sit still and let other nations drive our commerce from the ocean? In common with all American travelers, we look over the ships in these foreign waters, but our flag does not wave there. Where are the men who were known the world over as the seamen manning the fastest merchant vessels afloat, the most dashing and successful frigates that ever discharged a broadside? What has become of the Yankee sailors, who once ruled the seas, and who were to be seen in every port of the world? All we have to do in reply is to mention the English steamers and sailing vessels one sees in Hong Kong, Canton, Colombo, Calcutta, Bombay, etc., and the story is told.

What a hullabaloo was made in Congress when Gen. Grant sent his special message recommending the annexation of St. Domingo, with a view largely to its value as a coaling station for the Navy. The measure, as an chairman of the committee on Foreign Relations! What an opposition there was to the annexation of Texas and of California and what a scolding was given Mr. Seward for purchasing Alaska for a mere pittance compared with its value. What other policy have we now when we wish to make a move in the Pacific? We are to go to the Philippines, and we are to go to the Sandwich Islands, and we are to go to the Hawaiian Islands, and we are to go to the Caroline Islands, and we are to go to the Marshall Islands, and we are to go to the Micronesian Islands, and we are to go to the Melanesian Islands, and we are to go to the Polynesian Islands, and we are to go to the Oceanian Islands, and we are to go to the
